

ENROLL US!

We Want to Be a Partner in EPA's
National Partnership for Environmental Priorities

GENERAL INFORMATION

Name of Organization: Wirerope Works, Inc. Facility Name: Williamsport Plant
Principal Contact: Michael F. Catino, P.E. Title: Plant Engineer
Facility Location: 100 Maynard Street City/State/Zip: Williamsport, PA 17701
Mailing Address: same City/State/Zip: _____
Phone: (570) 327-4233 Fax: (570) 327-4267
Email: mcatino@wwwrope.com EPA RCRA ID Number: PAD 987276573

PARTNER AGREEMENT

Our organization is choosing to become a partner in EPA's National Partnership for Environmental Priorities. Our goal is to reduce the quantity of one or more Priority Chemicals currently found in our products, processes, or releases using techniques such as source reduction, recycling, or other materials management practices. In this enrollment application, we identify one or more voluntary goals that we believe we can achieve as partners in this program. The voluntary goal(s) provided below is an initial estimate and may change over time. We may revise our goal(s) or withdraw from the program at any time. If/when we choose to revise our goals or withdraw from the program, we will notify EPA.

GOAL #1. Chemical Name: Lead **CASRN:** 7439-92-1
Narrative description of proposed project and the method we will use to measure success: _____

Investigate opportunities to revise our patenting process to use a direct fired furnace with salt quench
to eliminate our existing double lead patenting process.

1. Our voluntary source reduction goal for Chemical #1 is to reduce the amount of this chemical generated from a baseline amount of 27,000 pounds generated in 2002 (month/year) to a reduced amount of 0 pounds generated by August, 2004 (month/year).

2. To accomplish this goal, we will explore the following source reduction options (check all that apply):
☒ Equipment or technology modifications. ☒ Process or procedure modifications.
☐ Reformulation or redesign of products. ☐ Substitution of less toxic raw materials.
☐ Improvements in inventory control. ☐ Improvements in maintenance/housekeeping practices.
☐ Other (explain): _____

3. Our (optional) voluntary recycling or recovery goal for Chemical #1 is to increase the amount of this chemical recycled or recovered from a baseline amount of _____ pounds in _____ (month/year) to an increased quantity of _____ pounds by _____ (month/year).

4. To accomplish this recycling or recovery goal, we will explore the following options (check all that apply).
☐ Direct use/reuse in a process to make a product.
☐ Processing the waste to recover or regenerate a usable product.
☐ Using/reusing waste as a substitute for a commercial product.
☐ Other (explain): _____

Authorizing Official/Title: Virgil R. Probasco/Exec. Vice President Date: _____
Project Contact (if different from Authorizing Official): Michael F. Catino, P.E. Phone: (570) 327-4233
NOTE: use supplemental sheets for additional goals.
